

216 POWER AMPLIFIER

- Notes:
- All resistors are carbon film types.
 0.2% resistors are indicated, unless otherwise specified.
 R = ohms M² = metal film resistor
 K = kilo ohms FP = film resistor
 M = mega ohms FUSC = fusible resistor
 CERAMIC = ceramic case resistor
 - All capacitors are in microfarads.
 n = nanofarads p = picofarads
 - Color abbreviations:
 RED = red GRN = orange
 BLK = black GRN = green
 BRN = brown GRY = grey
